

## Transparency in Supply Chains Statement

Claphams Landscape Services Limited is an ISO 9001 and ISO 14001 certified Company through the UKAS Accredited Certification Body, Amtri Veritas; since 2010. As such it has in place procedures for the verification of suppliers and the supply of landscaping services.

The Company understands that The Modern Slavery Act states that in producing a "Transparency in Supply Chains" statement the business should demonstrate its due diligence processes. These processes are documented in procedure WI-Purch – Purchasing, WI-Contr – Employment of Contractors and Form 11 - Contract; copies can be supplied upon demand.

An integral part of the CLSL Business Management System is the auditing process; see procedure WI-Audit. This process, if suspicions are aroused, may include confidential interviewing of workers, which may help to understand any potential risks of bonded labour or other forced labour or slavery.

Claphams Landscape Services Limited, unequivocally, will not use as a supplier or indeed supply services to organisations where there are discovered to be any potential risks of bonded labour or other forced labour or slavery. Furthermore it will report all discovered risks to the appropriate authority.
